Dear Parent/Guardian

Subject – Information for new starters - September 25

1/ ParentPay

When your child starts Newlaithe's Junior School in September 2025 they will need to register for an account with ParentPay. We use a company called Caterlink for school meals and these meals are ordered at home via ParentPay.

- Attached is a letter telling you how to set up an account for your child.
- **Any child**, whether paying or on Free school meals needs one of these accounts to be able to order a school meal, **which has to be done at home**.
- Meals cost £2.80 per day.

Please note –

- a) that children can pick and choose the days they want meals, they do not have to have dinners 5 days a week.
- b) that even if your child is on packed lunches they will need an account to pay for one off meals such as Christmas dinner.

All meals need to be ordered before the day it is required by 10pm and should be paid for at that time. If payment is not made the system will cancel the meal after an hour. Please make sure you select, confirm and pay for any meal ordered. Payments have to be in advance.

Please ensure the account is set up in time for school starting in September or you will not be able to order a meal.

ParentPay is also used to make bookings for our Wraparound Care and payments for any trips your child will go on.

2/ School Milk

If you would like your child to have milk when they start school in September please go online and register your child for school milk at – www.coolmilk.com

You must do this at least 2 weeks before the start of school in September to make sure your child receives milk when they start.

If your child will be receiving free school meals in September they are also entitled to free milk and if you would like them to get it please email me at the address above. (They may not receive the milk for a week or so after starting as they will only be added to our management system in September.)
