WAYS YOU CAN HELP YOUR CHILD SUCCEED...

There are lots of ways parents and carers can help children at home, but making sure they regularly complete their homework and hand it in on time is essential.

It would also help if you could:-

- Ensure your child has a calm quiet working space.
- Talk with your child about what they are learning and the homework they have been set
- Visit the library regularly, which will also help.

Ideally parents should read with or listen to their children daily to help them to develop fluency, confidence and a love for reading. In Key Stage Two children are encouraged and supported to keep a reading journal allowing them, through a range of different activities, to demonstrate what they have been reading, their understanding of what they have read and their personal preferences.

If parents and carers have any questions about homework or their child's learning they should, in the first instance, contact their child's class teacher.
